1	I want to go back with my mom, but I want my brother and sister to go back with me.
2	I would like to stay with my foster parent rather than going with my close relative because I don't want to change schools cause I think I am doing perfect here. I am doing sports near the area where my foster parent lives and there are more options for activities that I would like to do in the schools near the area where my foster parent lives.
3	I want mom to get normal visits back.
4	Neighbor To Family was a great, awesome foster care unit until they started to not be able to remember things such as a bed! Small things like that, but their case workers are very great workers and listeners. Shout out to the case managers and family advocate. They all are spontaneous. I would love for anyone's kids to come to them, but they have things to work on.
